

Statement for website, Facebook and use in conversations with family carers:

Returning to Heathlands

12 May 2020

Heathlands remains open Monday to Friday, 9am to 3pm. Throughout the past few months, the staff team have continued to support up to 8 people on weekdays at Heathlands. We are strictly following the government's guidance on infection control, social distancing and have a rigorous cleaning regime in place.

To continue to support members who have been self-isolating we have developed *Heathlands at Home* so members can see familiar faces and keep in touch: <https://www.heathlandscumbria.org/heathlands-at-home.html>

We are delighted that some members and their families may now be considering returning to Heathlands, and we have recently welcomed several members back to Heathlands.

To discuss returning to Heathlands, please contact info@heathlandscumbria.org or call 07955254207. Each member wishing to return to Heathlands is individually risk assessed and we will discuss this with members their carers.
